**YOUR UFCW LOCAL 324 DENTAL HEALTH PROGRAM**

Local 324 has been working with DHA since 1974 to provide quality dental care for eligible members and their families. This plan makes quality dental care available at significant savings to all eligible Local 324 Idemnity Plan members only and their eligible dependents.

**WHERE ARE THE DENTAL OFFICES LOCATED? WHAT ARE THEIR HOURS?**

One of the great advantages of the plan is that service is being provided by private dentists of your choice. Each dentist participating in the plan has arranged office hours for the convenience of their patients. Locations of the participating dentists are listed in this brochure. Choose a dentist close to home or work - whichever is most convenient for you.

**CAN I BE SURE OF QUALITY DENTISTRY?**

The most important direction UFCW Local 324 gave Dental Health Associates, Inc. was to provide high quality dental care. All of the panel providers were visited personally by DHA representatives to ensure that they met our high standards. Only those offices who qualified were asked to become part of our program. DHA is very proud to have many fine offices to serve the needs of Local 324 Idemnity Plan members.

**WHO IS ELIGIBLE?**

Local 324 Food and Meat division eligible members and their eligible dependents **enrolled in the Indemnity Dental Plan**. If you do not know which plan you qualify for you may call DHA directly, (or your local Union office) for this information **before** using the reference material in this brochure.

**WHAT WILL DENTAL SERVICES COST?**

The cost of dental services will be determined by the plan for which you are eligible provided you have not met your yearly maximum. Most frequently performed dental services have little or no copayments when you use a participating provider. Each plan has separate deductibles and maximums. These are explained on the following pages. Additional patient co-payments may be required.

When seen by a DHA specialist such as an Endodontist, Periodontist, Pedodontist, or an Oral Surgeon, **additional co-payments will be required**. All co-payments, including deductibles, are due at the time of service.

Each Food Division member has a deductible which is per calendar year and does **not** apply to routine preventive and diagnostic care (cleaning, examination and x-rays). Some offices may have chosen to waive all or part of your annual deductible. Please contact the dental office directly for deductible and co-payment information.

**WHAT ABOUT EMERGENCY CARE?**

Your local participating dentist will provide you with a telephone number to use in case of dental emergencies. Relief from pain is available 24 hours a day, seven days a week.

**WHAT HAPPENS ON MY FIRST VISIT?**

Your first visit, or that of an eligible family member, may include the following:

1. Examination of teeth, gums and surrounding areas.
2. Any necessary x-rays to determine the condition of areas of your mouth not visible to the eye.
3. Diagnosis of the existing conditions in your mouth. You and the dentist will discuss his/her findings and work out a long-range treatment plan.

**HOW DO I SCHEDULE AN APPOINTMENT?**

Simply select a dentist from the panel list. Telephone the office and arrange an appointment. Please give the dental office the social security number or family ID # of the union member when making your appointment. Verification of eligibility will be handled by the dental office. Dental forms are available through the dental office. Please do not call the Union to request claim forms.

If you need to cancel an appointment, be sure to call at least **24 hours** in advance.

**UNUSED DENTAL BENEFIT CARRYOVER**

At the end of the calendar year, any unused dental benefits up to one-half of the annual maximum, will be carried over to the next calendar year. The maximum amount that will be carried over in any calendar year is \$900. Unused dental benefits can only be used for services covered by the Fund's **Indemnity Dental Plan**.
