

# Safe workplaces for El Super workers!

## Negotiations Update

**Contract Action Team members made it clear at the bargaining table that workers deserve a workplace free from harassment and that we need a commitment from the Company that they will follow the law.**

**We were heard, and the Company has committed that Store Managers will;**

- **Follow the law and are not authorized to provide law enforcement with access to private areas of the store or employee information without a signed judicial warrant or subpoena.**
- **In addition, Store Managers must work with the Corporate Office to provide any information requested by law enforcement at store locations.**

**Any area of the store marked "Employees Only" is off limits to DHS/ICE or other law enforcement unless they can provide a warrant signed by a judge that explicitly gives them access.**
