

# 1-866-407-6190 Singapore Airlines Houston Office

Singapore Airlines does not operate a standalone public ticketing office or downtown passenger office in Houston. The airline's presence and passenger support in the Houston area is handled through reservations phone support and at airport check-in counters where Singapore Airlines flights or partner flights operate.

## Singapore Airlines Houston Office (Service & Support)

### Official Contact (U.S.):

 **+1-833-727-0118** — Singapore Airlines U.S. reservations, customer care, and KrisFlyer services (available 24/7)

### Official Website:

 <https://www.singaporeair.com> — official site for flight bookings, online check-in, managing reservations, flight status, KrisFlyer accounts, and support options.

### General Email / Contact Forms:

Use the "Contact Us" or help centre forms on [singaporeair.com](https://www.singaporeair.com) to send inquiries directly to Singapore Airlines support.

 Singapore Airlines no longer operates its own flights from **George Bush Intercontinental Airport** as a hub carrier — the airline has ended its unique Houston route service, so there is no dedicated on-site Singapore Airlines counter at IAH for ticketing or departures.

## How Houston Passengers Get Singapore Airlines Services

Although Singapore Airlines doesn't have a local ticket office in Houston, passengers travelling from Houston to Singapore or other international destinations can still get assistance through the following:

 **Reservations & Customer Support**

- **Phone:** +1-833-727-0118 — for bookings, changes, cancellations, flight info, refunds, baggage help, and loyalty account support.
  - **Online Help Center:** Via <https://www.singaporeair.com> — access live help, chat, FAQs, and contact forms.
  - **Mobile App:** Manage bookings, check-in, seat selection, upgrades, and flight status alerts.
- 

## **Nearest In-Person Services (If Applicable)**

Since Singapore Airlines does not currently operate flights directly from Houston, typical travel arrangements involve:

- **Connecting via another U.S. gateway city** such as New York, Chicago, Los Angeles, or San Francisco where Singapore Airlines has airport counters.
- **Ticketing and check-in** at those gateway city airports before international departures.

Even if you're departing from Houston, you may connect via one of these cities to join your Singapore Airlines flight.
